

We have just received the following update from Applebees Restaurant regarding our “Dine to Donate Fundraiser on February 17th”. Please note the available hours have changed from 4 – 9 PM only to all day, from open to close. We hope the change of hours will enable all our members to have the opportunity to attend.

“We are pleased to announce that effective immediately we are now extending the hours of the event so it can run all day. In the past the Dining to Donate time was from 4 – 9 pm only. Now it can run from open to close. So if your supporters can come in for lunch but not dinner, they can now still help your organization. They can come in anytime on the day of your fundraiser as long as they have one of your vouchers. And as always, if they can’t dine in they can use our Carside To Go service. Hopefully this will be an easy way for you to earn even more funds for your organization.”
