

## **EXECUTIVE BUILD COMMITTEE**

1. Organ has been installed and will be in working order next Sunday. Remaining parts have been securely stored at Niagara Organ works along with all the pew cushions.
2. Boiler work has begun. Both boilers have been ordered and are in route. Both will be installed before the heating season.
3. Verizon has relocated the main service from the church building to the education building.
4. The sound system from the church has been installed in the parish hall.

Thank you to all who helped with the organ move, we are very grateful.

The Build Team
